# BELMIL TEAM COMPANY OVERVIEW

## HISTORY

The company was established in 1965 as a family business. In the beginning it was manufacturing leather belts but later as new business opportunities arose the firm started producing bags.

Today the company is comprised of two parts: BKG, which produces sport and promotional bags, while Belmil Team is specialized for school bags with its own brand called "Belmil".

## LOCATION

The company is located in Serbia, in Ada nearby the Hungarian border.

With its own production sites and warehouses, the firm is situated on more than 10,000 m<sup>2</sup> and employs over 200 people. A new production site and a warehouse have been recently added to the existing facilities. With more than 5.500 trees we contribute to fresh air every day.

## KEY TO SUCCEES

- Offering the best prices, high quality and decades of expertise
- Learning from customer and market feedback
- Working with modern machines and highly skilled employees
- Relying on large raw material base
- Putting emphasis on management and employee training
- Offering high flexibility towards our clients in terms of order handling and project implementation
- Focusing on long term partnership with suppliers and clients on the basis of mutual satisfaction and trust.

## PRODUCTION TECHNOLOGIES

The company's production sites are equipped with modern machinery, skilled and experienced workforce and sophisticated production management tools that make us competitive on the market.

Our design department offers a wide range of implementation solutions including:

- Sublimation printing
- Screen printing and Hot transfer
- Embroidery and Application
- 3D rubber badge production, etc.

## PRODUCTION LINE

- School bags and related accessories
- Sport bags
- Backpacks
- Laptop bags
- Promotional bags

More information at [www.belmil.com](http://www.belmil.com)

# ERGONOMICS RECOMMENDED BY SPECIALISTS

## TESTING

Belmil schoolbags were tested by doctors and physiotherapists with the assistance of 12 children. The factors examined were:

- anatomical build-up,
- friendly body-fitting and
- ease of wearing.

## PARTICIPANTS

Participants (8 girls and 4 boys) were pupils of primary school (aged 6-10), except for a 12-year-old boy who is considered as over-aged. Their height ranged between 112 and 145 cm, whereas their weight was between 21 and 37 kg. The weight load varied from 4 to 7 kg.

According to the replies the following rating can be concluded:

- excellent: in 9 cases;
- good: in 2 cases;
- satisfactory: 1 case (in the case of the 12-year-old boy is over-aged)

## RESULT

Belmil schoolbags meet the design requirements as well as they are outstanding in every respect – anatomically, biomechanically and orthopedically. Their forms reduce the burden on shoulders and backbone; the child did not find the carried load heavy. They felt that the shoulder-straps and the back support were comfortable to wear. The effect of belt-strap proved to be beneficial as it hindered the bag from moving all the time whereupon the load distribution on the lumbar vertebra is optimal. The character that the back part of the schoolbag can be adjusted at several points has also been emphasised that helps the schoolbag to be fitted completely and perfectly to the person. During testing, the Belmil schoolbag did not change the child's posture in 11 cases, while in one case it improved the pupil's loose build. The examination was carried out by Prof. Tamás Mészáros MD, university professor of the Orthopaedic Department of Szegeged University.

## DURABILITY

Reinforcements from all sides and the strong bottom part also enhance the stability and durability. The bottom part has some additional functions as well: it ensures that the bag stays in the same position, prevents from getting dirty and keeps the content dry even during rainy weather.

## ERGONOMICS

Ergonomic shape and breathable back padding make sure that the pressure on children's back is minimized. Shoulder straps are well cushioned and adjustable, so comfortable everyday-wear is ensured. Added chest strap ensures the optimal load distribution. Recommended by Prof. Dr. Mészáros Tamás from the Orthopedic Department of Szeged University, Hungary.

## SAFETY

With Belmil school bag safety is guaranteed even if it gets too dark: carefully placed reflective tapes on all sides, a strong and an easy-to-use metal lock with reflective feature ensure high visibility at night.
